ABOUT ME

BSc student with 1 year left to graduate.

Currently working part-time in restaurant order management, and as a freelancer at TransPerfect in AI Data Annotation.

Available for night shifts and part-time work | Fast learner of new systems

Strong people skills, calm under pressure, clear communication in Hebrew and English, teamwork, and fast learning.

Technical skills include scripting, data handling, troubleshooting, and office tools.

Hands-on service in busy shifts, coordinating orders end-to-end, tracking issues, and keeping customers updated.

Strong ambition toward game development with hands on experience in creating several game projects.
